4 Times Table Pairs

Cut out each of the cards and use them to play Pairs:

Pairs (two or more players)

Place all cards face down on the table.

In turns, turn over two cards and see if they match, e.g. a 4 times table question (8×4) and its answer (**32**).

If they match, keep the pair. If they don't, turn them back over.

The winner is the person with the most pairs.
