

TCOT ARTCLUB

@THE_CHERRYONTOP_ARTACADEMY

Artist & illustrator, Dee Pattani has brought her Art Academy to Eastbury Farm Primary School.

A unique art class which allows children to express themselves through traditional art techniques. A class like no other where children feel happy & proud producing their own mini masterpieces to take home & display. They develop new skills, improve concentration & build confidence while having fun.

It has been scientifically proven that colouring & drawing stimulate white brain matter & aid towards lowering stress & anxiety levels. The Academy will provide all artists materials, canvas's, paints, clay, brushes, sculpting tools, glue, sketch pads, fabrics, the list is endless.

Please bring a change of clothes as we use real artists materials & not all mediums are washable.

Visit our Social media business pages to experience regularly updates, photos, videos & testimonials of classes.
