

A Sensory Woodland Stroll

Walking through the woodland, I can feel:
the crunching leafy carpet beneath my feet;
a crisp autumn breeze brushing gently across my face
and crooked branches, twisting towards and welcoming me.

With my eyes, I can see:
fluttering, golden leaves leaping and dancing;
nimble, playful squirrels scurrying across their climbing frames
and majestic trees guarding the forest like soldiers.

With my ears, I can hear:
the joyful chirrups and squawks of swooping birds;
the distant snapping and cracking of scattered branches
and acorns rolling like marbles around colossal tree trunks.

With my nose, I can smell:
the damp, earthy aroma of moss and fleshy mushrooms;
the sweet scents of bursting blackberries
and the powerful perfume of pine, sparking memories of Christmas.
