MOON DIARY

Look at the Moon each evening.
Draw its shape. Start with the first box.
Write the date in the smaller box under your picture.

Ask permission before going out in the dark.

Science Home Learning - Science LO: To identify the phases of the Moon and explain why these occur.

Date Set: 20.12.21

Date Due back: 17.1.22

Please watch: https://www.youtube.com/watch?v=NCweccNOago

Challenge 1: complete a drawing of the moon each night and write the date you saw it

Challenge 2: complete a drawing of the moon each night, the date you saw it and name the moon face, using the diagram below to help you.

Challenge 3: As challenge 2, but also draw a diagram to show why we see different phases of the moon throughout a month.
